## Extrait United States History

and the Industrial Revolution

### Impacts to Farming and Farmers

As was mentioned earlier in the lesson, before the first Industrial Revolution, Americans were dependent on farming. The first Industrial Revolution shifted life in the North to factory work, however, that same change did not happen in the South, which was still highly dependent on farming.

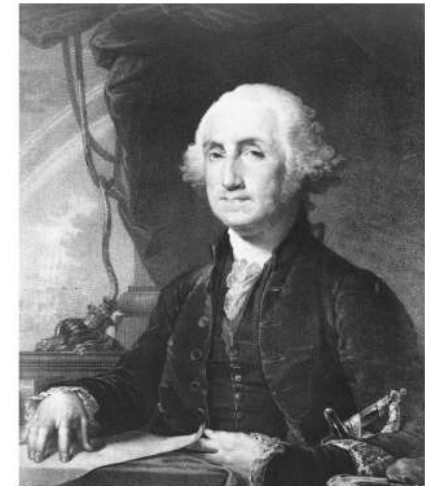

Watch the video below. As you watch, write down:

*How did the Industrial Revolution change farming, as well as life for farmers?*

### The Founding Fathers

Earlier in the lesson, there is mention of America's founding fathers. Below, you will see a gallery of a few of the men considered to be the critical developers of the U.S. and its government.

## Extrait United States Government

In this assignment, you will propose an Amendment, or change to the United States Constitution.

1. Choose an issue from the list below that the United States is currently facing.
2. Research that issue and write an amendment to the U.S. Constitution that addresses and resolves the problem. Be sure to cite all sources.

After writing your amendment, you will need to present your ideas to the American people.

Please choose one of the presentation options below:

- **Option A:** Create a 60-second video presentation explaining your proposed amendment. You must explain the national problem and how your proposed amendment would solve it. Remember that this is a persuasive piece and that you must convince your audience that your amendment will resolve the issue. This presentation should be designed as if it would appear on the television or the internet. The presentation should include images and sound, not only you in front of the camera. If the file is too large to attach, upload it as an unlisted YouTube video and provide the link. Remember to cite all sources of information, images, and, music (if music is used.)
- **Option B:** Create a 4-6 slide presentation explaining your proposed amendment. You must explain the national problem and how your proposed amendment would solve it. Remember that this is a persuasive piece and that you must convince your audience that your amendment will resolve the issue. The presentation should include images or other visual aspects. Remember to cite all sources of information, images, and, music (if music is used.)

## Extrait Public Speaking & Journalism

Lesson 1 of 1

### 2.02 How to Write a Speech

#### Speech Writing

Writing a speech is a lot like writing an essay. You start with an introduction, move on to the body of the speech, where most of the information is, and then finish with a conclusion. Speech writing is a little different from an essay because you can be a bit less formal. Since you are speaking to an audience, a speech can be more personal than the detached, academic tone that essays should have.

Your speech should still be professional. You should not use slang or cover inappropriate

2. True or False: The tone of an essay is MORE formal than the tone of a speech.

- True
- False

3. Which of the following is the first thing you should write when you need to write a speech?

- An outline
- The introduction
- The body
- The conclusion

## Greetings and Introductions *Around the World*

**You meet someone for the first time. What do you do?**

In England and the U.S.A., people usually shake hands. They say their first name first, and then their last name. For example, Joe Smith. Joe is a first name, Smith is a last name. They say things like "Nice to meet you." or "Pleased to meet you."

Read and listen to the text. Then choose the correct answers.

1. Hi. I'm John Ellis. I live in Singapore. John is my  . I usually  when I meet someone for the first time. My teacher's name is Mr. Michaels.  comes from the U.S.A.
